ADULT ASSEMBLY REQUIRED
WARNING ENTRAPMENT/STRANGULATION HAZARD

• Infants have died in TODDLER BEDS from entrapment and strangulation. Failure to follow these warnings and the assembly instructions could result in serious injury or death.
• NEVER place bed near windows where cords from blinds or drapes may strangle a child.
• DO NOT place items with a string, cord, or ribbon around a child’s neck, such as hood strings or pacifier cords.
• DO NOT suspend strings over a toddler bed for any reason.
• Guardrails are used as a mattress containment means. Guardrails provided must be used to avoid the formation of a gap between the mattress and the bed that could cause entrapment.
• Toddler bed must have more than 12 inches (31cm) of space between the toddler bed and solid objects such as a wall or dresser. Child could slide into small space and suffocate.
• DO NOT use a water mattress with this toddler bed.

WARNING

• This package contains small parts.
