Top Freezer Refrigerator

18.0 Cu. Ft. Top Freezer Refrigerator

Installation Drawing

* When installing refrigerator adjacent to wall, cabinet or other appliance that extends beyond front edge of unit, 20" minimum clearance recommended to allow for optimum 140° door swing, providing complete crisper access and removal. (Absolute 3" minimum clearance will ONLY allow for 90° door swing which will provide limited crisper access with restricted removal.)

Note: For planning purposes only. Always consult local and national electric, gas and plumbing codes.
