IMPORTANT SAFEGUARDS

When using electrical appliances, basic safety precautions should always be followed, including the following:

1. **READ ALL INSTRUCTIONS**
2. Follow all instructions.
3. Do not use outdoors.
4. Scalding may occur if the handle is opened during the brewing process.
5. Do not touch hot surfaces. Use handles or knobs.
6. To protect against fire, electric shock, and injury to persons do not immerse appliance, cord, or plugs in water or any other liquid.
7. Close supervision is necessary when any appliance is used by or near children 12 years and younger.
8. Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts, and before cleaning the appliance.
9. Do not operate any appliance with a damaged cord or plug or after the appliance malfunctions, or has been damaged in any manner. The appliance should be returned to the nearest authorized service facility including the following:
   a. A short power-supply cord or extension cord should be used to reduce risk resulting from becoming entangled in or tripping over a longer cord.
   b. Longer detachable power-supply cords or extension cords are available and may be used if care is exercised in their use.
   c. If a long detachable power-supply cord or extension cord is used, do not place or drop cord, or plugs in water or other liquid.
10. The use of accessories attachments not authorized by Keurig, Inc will void warranty.
11. Do not use outdoors.
12. Do not let cord hang over edge of table or counter, or touch hot surface.
13. Do not place or near a hot gas or electric burner or in a heated oven.
14. Always attach plug to appliance first (if not permanently attached), then plug cord into the wall outlet. To disconnect, turn any control to “off” then remove plug from wall outlet.
15. Do not use appliance for other than intended use.
16. Use brewer in upright position only. Allow to cool before putting in or tripping over it in any position other than upright.
17. Do not immerse brewer in water.

SAVE THESE INSTRUCTIONS

For detailed brewer cleaning and maintenance instructions, visit the Help Use & Care Guide at support.keurig.com.

**WARNING:** Keep all plastic bags away from children.

**WARNING:** Keurig recommendations using only Keurig My K-Cup® Reusable Coffee Filter and Keurig approved K-Cup® pods in this appliance. The use of non-Keurig® pods or accessories may cause brewer malfunction or damage.

**CAUTION:** There is extremely hot water under pressure in the K-Cup® pod holder. To avoid risk of injury be aware of the needle locations.

**CAUTION:** There is extremely hot water under pressure in the K-Cup® pod holder during the brew process. To avoid risk of injury do not lift the handle or otherwise open the handle during the brew process.

**CAUTION:** HOT COCOA/OTHER NON-COFFEE PODS: Immediately after using a hot cocoa/other non-coffee pod, run a hot water brew cycle without a pod to avoid the possibility of clogging the exit needle. DO NOT assume the next user will do this.

**WARNING, TO REDUCE THE RISK OF FIRE OR ELECTRIC SHOCK, DO NOT REMOVE COVER (OR BACK) NO USER SERVICEABLE PARTS INSIDE.**

**WARNING:** For household use only.

**CAUTION:** The maker is not designed to be used in a dishwasher. Do not immerse maker in water. Dry all parts thoroughly using a soft, non-abrasive cloth, then assemble. NOTE: Do not use detergent in dishwasher. Do not use harsh, abrasive cleaners or utensils. DO NOT clean machine in a dishwasher.

**WARNING:** Remove K-Cup® pod before brewing. Do not remove or replace K-Cup® pod handle during the brew process. To avoid risk of injury do not lift the handle or otherwise open the handle during the brew process.

**WARNING:** Before using the brewer, the brewey may take about 3 minutes to heat.
**Brew Your First Coffee**

Select your brew size. The button will remain illuminated while brewing – about 1 minute. Brewing is complete when the button is no longer illuminated. Lift the handle and dispose of the used K-Cup® pod. The brewer will be ready to brew another cup in about a minute.

**NOTES:**
- After cleaning, the buttons will be disabled. To re-enable, lift and lower the handle completely.
- While brewing, there is extremely hot water in the K-Cup® pod holder. To avoid injury, do not lift the handle during the brewing process.

**Caring for your Brewer**

Regular cleaning keeps your brewer running smoothly. Always be sure to turn off and unplug your brewer before cleaning. For detailed brewer cleaning and maintenance instructions, videos, and the full Use & Care guide, visit support.keurig.com. Beyond these recommended cleaning instructions, this brewer is not user-serviceable. For service, please refer to the Warranty included with your brewer.

**Auto Off** automatically turns your brewer off 2 hours after the last brew for energy savings.

**Frother** froths milk to create your favorite latte. Press the SHOT button to create a shot of coffee. While brewing, there is extremely hot water in the K-Cup® pod holder. To avoid injury, do not lift the handle during the brewing process.

**FORWARD BREWERS**

While brewing, there is extremely hot water in the K-Cup® pod holder. To avoid injury, do not lift the handle during the brewing process.

**WHEN TO CLEAN**

- After 60 seconds, the brew buttons will be disabled. To re-enable, lift and lower the handle completely.

**Water Reservoir**

- The water reservoir lid and water reservoir should be cleaned periodically. Clean in a dishwasher (top rack only) or hand wash. To hand wash, use a soft, non-abrasive cloth or sponge to prevent damaging the inner coating.

**Frother**

- The frother is not microwave or dishwasher safe.

**FORWARD BREWERS**

- Do not remove the foil lid on the K-Cup® pod.

**Care guide, visit support.keurig.com. Beyond these maintenance instructions, videos, and the full Use & Care Guide.**

**Coffeeshop taste in your own home.**

**Make Your First Latte**

1. **Fill Frother**
   - Remove lid and add chilled milk to the MAX line marked in the frother. Replace the lid and place the frother on the frother base.

2. **Place Mug & Pod**
   - Place a mug on the drip tray plate. Lift the handle and place any K-Cup® pod in the K-Cup® pod holder. To avoid injury, do not lift the handle during the brewing process.

3. **Brew a Shot**
   - The three brew buttons and SHOT button will light. Press the SHOT button. Brewing is complete when the SHOT button is no longer illuminated. **NOTE:** After 30 seconds, the brew buttons will be disabled. To re-enable, lift and lower the handle completely.

**CAUTION:**
- While brewing, there is extremely hot water in the K-Cup® pod holder. To avoid injury, do not lift the handle during the brewing process.

**NOTE:**
- Do not remove the foil lid on the K-Cup® pod.

4. **Create your Latte**
   - Remove frother from the base. Remove the lid and pour the frothed milk over your shot of coffee. CAUTION: Remove lid and add chilled milk to the MAX line marked in the frother. Replace the lid and pour the frothed milk over your shot of coffee. **NOTE:** Do not under or overfill frother. Do not operate before adding milk.

**Frother is not microwave or dishwasher safe.**

5. **Dry all parts thoroughly and reassemble for next use.**

**Brew Your First Coffee**

1. **Place Mug & Pod**
   - Place a mug on the drip tray plate. If using a travel mug, remove the drip tray and place the mug on the drip tray base. Lift the handle and place any K-Cup® pod in the K-Cup® pod holder. Lower the handle completely to close the lid. Do not remove the lid or the K-Cup® pod.

2. **Brew & Enjoy!**
   - While holding the brewer handle up, push down slowly on the K-Cup® pod in the pod holder until the bottom of the K-Cup® pod is punctured by the exit needle. 

**Coffeeshop taste in your own home.**

**Make Your First Latte**

1. **Fill Frother**
   - Remove lid and add chilled milk to the MAX line marked in the frother. Replace the lid and place the frother on the frother base.

2. **Place Mug & Pod**
   - Place a mug on the drip tray. Lift the handle and place any K-Cup® pod in the K-Cup® pod holder. Lower the handle completely to close the lid. Do not remove the foil lid on the K-Cup® pod.

3. **Brew a Shot**
   - The three brew buttons and SHOT button will light. Press the SHOT button. Brewing is complete when the SHOT button is no longer illuminated. **NOTE:** After 30 seconds, the brew buttons will be disabled. To re-enable, lift and lower the handle completely.

**CAUTION:**
- While brewing, there is extremely hot water in the K-Cup® pod holder. To avoid injury, do not lift the handle during the brewing process.
