Powerline 1000

Extend Internet access to any room over existing electrical wiring

- Gigabit powerline speed
- Perfect for connecting smart TVs, streaming players & game consoles
- Ideal for HD video streaming & lag-free gaming

Overview

Use your existing electrical wiring to extend your Internet access to any room in your house. Just plug the Powerline 1000 into any electrical outlet then plug in your new network connection. It’s that easy. With 1000 Mbps speed and Homeplug AV2 support, the Powerline 1000 adapter is perfect for connecting smart TVs, streaming players, and game consoles.

Netgear Powerline is one of the easiest ways to extend a wired Internet connection to any room without running long wires. Just plug into any electrical outlet and connect your device to the Ethernet port. It’s that easy.

Next Generation Powerline
Very fast speed—Up to 1000 Mbps.

Plug-and-play
Set up in minutes, no need to configure or install software.

Reliable Networking
Connect multiple adapters to expand your wired network reliably.

Energy-saving
Automatically powers down when not in use.

Latest Technology
Homeplug AV2 support for Gigabit speeds through your electrical outlets for improved coverage.

Push-and-Secure
Encrypts Powerline network connections with the touch of a button.
This product comes with a limited warranty that is valid only if purchased from a NETGEAR authorized reseller.

1 24/7 basic technical phone support provided for 90 days from purchase date.

† Requires use of HomePlug AV compatible Powerline device (two PL1000 devices included). For a complete list of HomePlug AV certified devices, please check www.homeplug.org/certified_products.

‡ Actual data throughput and data over distance will vary. Network conditions and environmental factors, including volume of network traffic, building material and construction, and network overhead, result in lower actual data throughput rate.

Outlets must be electrically connected in order for Powerline devices to provide a network connection between them.
