

# Sustainability and Recycling for Non Xerox Supplies

April 2013

## Xerox Green World Alliance

Our goal is zero landfill waste.

### Here's why you should partner with Xerox® Replacement Cartridges:

- Take advantage of Xerox's free recycling program and trust that your cartridge is put to its next best environmental use
- Sustainability practices that lead the industry in recycling initiatives
- No cost recycling program for Xerox® Replacement Cartridges to fit your customer needs.
- Part of Xerox's sustainability commitment to waste free products
  - 2.5 Mill cartridges returned annually
- Over the last 20 years, our supplies recycling programs have kept more than 145 million pounds of waste out of landfills

### Three (3) Simple Return Options for customers:

#### 1. Single (individual) returns

- On our web site, select an item by model or reorder number.
- Return items via UPS.
- Xerox pays return shipping for items on our Take Back list and all recycling costs.

#### 2. Eco Box returns for over four items

- Order a kit of three boxes and bags—ships at no charge to you.
- Fill box with used supplies, seal and ship via UPS.
- Xerox pays for return shipping and all recycling costs.

#### 3. Pallet returns for over 30 items

- Consolidate items on your own pallet.
- Complete bill of lading and schedule pickup with Ryder Logistics.
- Xerox pays for return
