

Xerox Wireless Network Adapter

Set your business free with wireless printing

The high-performance Xerox WNA-100 wireless network adapter connects your Phaser® printers and multifunction devices to your network. Compact and secure, it allows you to place a printer wherever you need it.

Easy to install, manage and use

- Works with any Ethernet-enabled Phaser printer or multifunction device
- Includes CentreWare® IS embedded web server
- Configure and manage from any Web browser on your network

Full network functionality

- Bi-directional network drivers
- Full CentreWare IS management tools
- Automatic online support service with PhaserSMART®
- Includes remote diagnostics and PrintingScout® print management tools

Advanced security support

- Wireless security standards including WEP, WPA and WPA2
- 802.1x port-based network access control
- Authentication standards such as LEAP, PEAP, TLS, TTLS and FAST

Included service options

- User guide CD-ROM
- Online assistance
- Telephone support
- Exchange service
- Valid for the duration of the warranty

Does not support the following Phaser devices: Phaser 6110, 6110MFP, 6115MFP and 6125. Network functionality will vary according to output device capabilities.
