•Yields based on 5% toner area coverage.

†Yields declared in accordance with ISO/IEC 19752 Standard (mono).

Replacement cartridges from Xerox

Supplies for Xerox. Xerox for Supplies.

When customers think about replacement cartridges and other consumables needs, we want them to think Xerox first—no matter what brand of printer they may use. After all, we are the benchmark in consumables for Xerox® devices. Combine this with our unmatched expertise, and it's easy to see why so many customers have already made us their preferred choice for optimal Xerox® device performance and page quality.

Many customers have made a choice to use aftermarket consumables. At Xerox, we have put our technology and expertise into accommodating aftermarket supplies needs for HP and Brother* devices. You'll find that Xerox® supplies meet all of your customers' business printing requirements—because no one knows the science of supplies better than Xerox.

For aftermarket savings, performance and a verifiable sustainability impact, go with the supplies experts. Think Xerox first.

Replacement Cartridge Yields

Xerox testing has consistently shown that our cartridges meet or most often exceed OEM stated yields. When looking for a specific replacement cartridge for your printer, be sure to check our Xerox stated yields. You will find that these Xerox yields are usually 10-40% higher than the OEM stated yield. This gives you a lower cost per page, more time between replacements and more pages from a single cartridge. Expect more...from the first print to the last. Trust Xerox.

*plus Kyocera Mita in Europe
