HVL210 TASK CHAIR & HVL215 TASK STOOL

# LOW BACKS. HIGH EXPECTATIONS.

It's true, you really can do more with less. Take this HON chair and stool, for example. There's no expensive features, but there is plenty of extra padding in the seat to keep you comfortable all day. The waterfall seat edge takes the pressure off your legs, and the low back support helps you deal with the pressure of your work day. For greater comfort in sitting or standing height areas, this tandem can tackle any space.
